Bringing pixels to life

Let us get to know you

This is NOT an application yet. At DNA Pixels Learning Centre, we'd like to know more about our candidates before we set up a meeting with them. Unfortunately, we cannot accept everybody. We therefore have to screen candidates based on what they can "bring to the table" that we can work with – that which will give you the highest probability of successfully entering the 3D animation industry.

Please complete the following information and return this to us, together with the additional documentation, as indicated below.

/More...

Please note:

- We are NOT expecting art masterpieces... we look at *potential*
 - If sending via email, we do NOT want the raw, large-sized images directly from the camera. Each image must be compressed and
 - 1) be in JPG/JPEG format and
 - 2) be less than 200KB
- You can also send us the hard copies – see below.
- Please return this completed form, together with the attached photographs/scans in:
 - Either a SINGLE email (else they get mixed up). Mails larger than 2MB in total are automatically rejected by our mail system
 - Or hardcopies (paper and real photographs and/or CD/DVD) via normal (snail) mail. *Please note:* we do NOT return hardcopies, so do NOT send us your originals.
 - If accepted (after an interview – to follow), we will require certified versions of your ID/passport, debtor's income and school results/qualifications, etc.
 - If you reach our short list based on our preliminary evaluation, we will call you for an interview within about 4 weeks. However, you are free to confirm that we received your details and portfolio.
